

Shepherd Notes

Jesus is more than an idea, a religion or myth. He was an actual person who was God at the same time. Most of today's religion (especially eastern religions) believe in a god who is a nebulous force or impersonal substance, but our Bible tells us that God is a personal God who gives meaning and purpose to all things. My prayer is that through these messages you will set aside our culture's infatuation with Eastern religions and choose to follow a personal God who left heaven, became a man and seeks to have an intimate relationship with you.

Always pulling for you

Pastor Luis

Based on today's message how would you answer the following questions?

1. God is spirit. We can't see Him, hear Him, or feel Him with our natural senses. Can you explain how and what Jesus has revealed? How might this make a difference in our lives?
2. What has today's message taught you about Jesus that you didn't know before? How does believing these truths affect your life?
3. Read John 1:1-4. Some people say they believe in God but don't owe Him anything. What are at least four things in the text that God gives us that we will one day stand accountable for?
4. Josh McDowell in his recent book says that an astounding 93% of high school graduates from Christian families leave the Lord in eighteen months of leaving home. Much has to do with shallow teaching and uninvolved adults. What can we do at NLCC to make a difference?
