

### **Shepherd Notes**

Do you have a most precious possession? Maybe it's something others would also highly value. Maybe it's something that is only valuable to you. I'm totally interested in what it might be. In today's message, our final installment in the "Parables of Jesus" series, we will examine two incredibly short parables that focus on what God considers most valuable and why it's so important for us to consider its worth. Like Jim Elliot once said, "He is no fool who gives up what he cannot keep to gain that which he cannot lose."

Always pulling for you,  
Pastor Luis

3. Please share at least one suggestion for making your home, work-place and social places part of God's dominion.
4. How important is it for us to identify ourselves publicly as Christians? Share examples of how you've seen it done poorly and how it's been done well bringing God glory.
